Dear Parents

We use the virtual learning environment Firefly at Walton High to communicate with you on a wide range of key areas of school life. These include communication on school events and reports of academic achievement throughout the year. We successfully launched attendance, achievement and behaviour data at the end of the summer term so that parents had greater access to their child's performance in school. From this term staff will be setting all homework via Firefly so that you can engage with the independent learning set for your child.

Your child will be setting up their Firefly account over the next few days and taught how to use this by their tutor. This will then enable you to set up a linked parental account and attached are a set of instructions for you to do this.

There is a Firefly support evening at 6pm on the 6 November (Brooklands campus) and on the 7 November (Walnut Tree Campus) prior to the first set of school reports. Parents can attend which ever evening works for them.

Kind regards

Mr A Bennett
Vice Principal
