Dear Parents

## Positive COVID-19 case

Late this afternoon we were made aware by one of our contractors that a member of staff who works at our Brooklands campus has tested positive for COVID-19. We have therefore decided to close the café at the Brooklands campus until the end of term.

**Students will need to bring a packed lunch on Wednesday and Thursday** unless they are entitled to Free School Meals. Free School Meals students will be provided with a packed lunch made at our Walnut Tree campus.

We have taken advice from the local public health team and, as a result of the measures we have in place, other than the café staff, nobody else needs to self-isolate.

Yours sincerely

Michelle Currie  
Executive Principal
