Milton Keynes  
Is incredibly  
Lucky to be home to  
There is Bletchley Park,  
Of course, homing the code breakers in WW2,  
None other than the Red Bull Formula 1 Cars,  
  
Keeping being green with all of the parks,  
Even the artistic Concrete Cows by Liz Leyh,  
Yet by those cool things, mostly  
Nobody knows MK!  
Even though we are not known...  
Soon we will be as popular as London!

Alia - 8BB1 (BL) Miss Craker - Acrostic Poem - Milton Keynes.

Milton Keynes poem:  
Milton Keynes is as green as a tree,  
Not close to any sea,  
Milton Keynes is over 50 years old,  
There are many new housing developments, so I've been told,  
Bletchley park helped win the war,  
Visit the mk museum to find out more,  
There are the concrete cows waiting for you to come and see,  
Milton Keynes is a great place to be,  
Riding round the roundabouts,  
There are many places to have a dinner out,  
MK stadium and the MK Dons,  
If you're a fan, then come along,  
With lots of parks and open space,  
Milton Keynes is an amazing place.
