21 December 2020

Dear Parents

Positive COVID-19 cases

Over the weekend we were made aware that two Post-16 students at the Walnut Tree campus (one in Y12 and one in Y13), and one student in Year 8 and one in Year 9 at our Brooklands Campus have tested positive for COVID-19.

Students who were sitting within two metres of the individuals in lessons, or who have had close contact during social time or out of school in the 48 hours before the students developed symptoms (or the date of the test in the asymptomatic case), will need to self-isolate.

The parents of these students will receive a letter informing them that their child must stay at home and self-isolate for 10 days from the date of their last contact with the individual. The exact date will be in the letter they receive. If you do not receive a letter, there is no need for your child to self-isolate.

Due to the measures we have put in place, no member of staff will need to self-isolate.

One of the students who tested positive was asymptomatic and the infection was only detected because the parent took up the local public health team's offer of testing for all households with a child attending secondary school. If your family has not yet taken up this offer, please consider doing so, as identifying asymptomatic people will help prevent the spread of the virus.

Yours sincerely

Michelle Currie
Executive Principal
