Dear Parents

## COVID-19 Update 46

### Review of additional COVID-19 mitigation measures

We are pleased, and somewhat relieved, that the number of positive cases in the school have continued to decline. As the table below shows, since last week we have only had an additional six cases reported at our Brooklands campus and three at Walnut Tree. There have been two additional cases amongst staff.

Given these figures, it is no longer considered necessary for students and staff to wear face coverings in corridors and social spaces. However, they may choose to do so if they wish.

The number of cases in the school community will continue to be monitored daily and should they begin to increase again, we may need to re-introduce face coverings.

### Positive cases

Since the beginning of term, Walton High has been notified of the following positive cases
